## The House Of Apples And Eyeballs Zip

**E**xpanding **Monster Mountain**, Camelback Resort's month-long Halloween attraction, comes with an overwhelming mix of October reactions. Exhilaration to fear (though not new this year) has the Tannersville destination seizing a spot as an absolutely superb holiday festivity address.

While **Kids Fall Fest** daylight adventures endure with festive classics like Pumpkin Painting, Kids Craft Zone, Apple Chuckin' and a Spooky Trail; it's the evening hours that shower the mountainside with hide-and-shrieks. Debuting the 4,500-foot **Monster Coaster**, eight-story **Lights Out Zip Line**, and intensifying the size of **Kartrite's Kurse Haunted House** erupts the excitement.

Race past ghouls, specters and other animatronics phantoms of the forest as **Monster Coaster** makes mayhem over the only mountain coaster in the tri-state area. Then, soar through the night sky with merely a distant lantern light for the eye as **Lights Out Zip Line** plunges passengers by.

Think an ease-up on adrenaline is in order?

Not with special effects and live actors perpetually portraying scene-after-scene of horrific means in **Kartrite's Kurse Haunted House**. Expect the unexpected and prepare to be a-dazed as you navigate creepy corridors that include accursed depths of Egyptian pyramids, pirate catacombs even a collapsing maze!

Avoiding the fear of frightful expenses, **Camelback Mountain Adventures** conjures up calming cost-conscious savings. Spend an evening expanding your Halloween horizons with a trip to **Monster Mountain** to try something new or a packaged few!

243 Resort Drive, Tannersville
